PROFESSIONAL SUMMARY

MCA student with a solid foundation in computer science fundamentals and hands-on experience building full-stack web applications using the MERN stack. Skilled in developing REST APIs, designing relational and NoSQL database schemas, and creating responsive user interfaces, with additional exposure to AI-integrated systems involving OCR and semantic evaluation. Quick to pick up new technologies, with a strong interest in solving practical, real-world problems through code.

EDUCATION

Master of Computer Applications (MCA) (Expected Graduation: 2027)
Union Christian College (Autonomous), Aluva – Affiliated to Mahatma Gandhi University, Kottayam | 2025 – 2027

Bachelor of Science in Computer Science (B.Sc.) (2022 – 2025)
Hajee Karutha Rowther Howdia College, Uthamapalayam – Affiliated to Madurai Kamaraj University, Madurai

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, C, C++
Frontend: HTML, CSS, React.js
Backend: Node.js, Express.js, PHP
Database: MongoDB, MySQL, SQL
Tools & Concepts: Git & GitHub, REST APIs, DBMS, OOP, DSA, SDLC, STLC, OS, Agile/Scrum, CN, VS Code, Vercel

PROJECTS

EvalAI – AI-Powered Answer Sheet Evaluator *(Academic Mini Project, 3rd Semester)* | *PHP, MySQL, Bootstrap 5, JavaScript, Google Gemini Vision API*

- Built a full-stack web platform (team of 2) that automates descriptive exam evaluation using OCR and AI-based semantic grading.
- Designed the MySQL database schema (8 tables) and implemented role-based teacher and student dashboards with performance analytics using Chart.js.
- Integrated Google Gemini Vision API for handwritten answer extraction and automated scoring, including a manual override flow for low-confidence evaluations.

Expense Tracker Web Application | *MongoDB, Express.js, React.js, Node.js, Vercel*

- Developed a MERN-based expense tracking application with full CRUD functionality.
- Built REST APIs and managed database operations using MongoDB.

Educational Chatbot using AI | *Python, HTML, CSS, JavaScript*

- Developed an AI-powered chatbot to answer academic queries for students.
- Applied NLP concepts to improve response accuracy and usability.

INTERNSHIP EXPERIENCE

Full Stack Development (MERN) Intern — ICT Academy of Kerala *(Feb 2026 – Mar 2026)*

- Built full-stack web applications using MongoDB, Express.js, React.js, and Node.js.
- Developed frontend interfaces and backend REST APIs.
- Worked with REST API integration, database operations, and Git/GitHub workflows.

CERTIFICATIONS

- Full Stack Development (MERN) Internship — ICT Academy of Kerala
- Introduction to NLP and Generative AI — Hajee Karutha Rowther Howdia College
- Fundamentals of SQL — Hajee Karutha Rowther Howdia College

HACKATHONS

Participated in Smart India Hackathon (SIH) – Internal Round, UC College Aluva (Sept 2025) — AI/ML problem statement on satellite navigation systems.

LANGUAGES

English, Tamil, Malayalam
